# **ABOUT THE MAJOR**

The mission of the B.S. Degree in Biology at the University of West Georgia is to provide under-graduate students the knowledge and training necessary to pursue advanced graduate education, professional studies, or employment. In pursuit of this mission, the Biology Program offers a B.S. Degree Program via a general track. The general track is for students who plan to continue their education in graduate programs in the biological sciences or for those who wish to enter the biological sciences job market upon completion of the undergraduate degree. This track offers the greatest flexibility in selecting major courses, thus allowing students who wish to specialize in an area of biology to better prepare for graduate studies in that sub-discipline.

# **ABOUT THIS MAP**

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone's experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.

### WHERE CAN YOU GO WITH THIS DEGREE?

- Agricultural/Food Scientist
- Biochemist
- Biological Technician
- Biology Teacher
- Conservation Biologist
- Environmental Scientist
- Geneticist
- Marine Biologist
- Microbiologist
- Wildlife Biologist

# **ADD A CERTIFICATE**

- Forensic Science
- Microbiology
- Stream Restoration
- Wildlife Ecology

# BIOLOGY **ENVIRONMENTAL BIOLOGY CONCENTRATION**

•			r with th lent Sup		
	availat	ole.			

- Take Chemistry (CHEM 1211/1211L and CHEM 1212/1212L) and Biology (2107/2107L, and BIOL 2108/2108L) Core IMPACTS Courses and BIOL 1110.
- Attend your First Semester Advising Appointment and meet with your Academic Advisor and Biology Mentor.
- Make an Academic Plan.

CRUSH YOUR COURSEWORK

FIND YOUR PLACE

BROADEN YOUR Perspectives

CONNECT OFF-CAMPUS

PAVE YOUR Path

- Meet Biology Faculty and learn about their research,
- and scholarship opportunities.
  Join a discipline-specific club (Biology Club, Pre-Veterinary Medicine Club, Wildlife Club or Emerging Health Leaders).
- Connect with other Biology Majors.
- Explore diversity, equity, and inclusion resources
- and opportunities across campus. • Learn to pay attention to and respect differing
- viewpoints and experiences in class. Participate in an academic, cultural or social activity/event.

### • Visit Wolves Vote to learn about the voting process and registration.

- Consider volunteering for a campaign or organization in your community.
- Visit the UWG Wellness Hub to find all the resources
- TAKE CARE OF Yourself
  - available to you!

    Visit Health Services.
  - Get fit! Visit URec to see all your options.
  - Visit the Center for Economic Education and
  - Financial Literacy.
  - Complete a self-assessment to see what careers and majors are right for you.
  - Visit Office of Career and Graduate School Connections.

  - Create your profile on Handshake.Consider applying for an on-campus job.
